## Ms. Decter Resigns Joins Area Council

Sheila Decter, Assistant Professor of Government at Lasell, resigned her position with the College at the end of the first semester to accept the position of Community Relations Associate at the Jewish Community Council of Metropolitan Boston.

A member of the Lasell faculty since 1964, Ms. Decter had served as chairman of the faculty, served on evaluation teams of the New England Association of Schools and Colleges and edited Lasell's *Self Study*, a recent self-evaluation submitted by the college for continued accreditation. In the course of her teaching and program planning Ms. Decter also developed a political internship program for her students with local political office-holders.

Ms. Decter received her B.A. degree from Milwaukee-Downer College in Wisconsin and her M.A. degree in political science from the University of Wisconsin in Madison.

## Mory's? No! Eddie's? Yes!

### Pratt Names Snack Bar

Richard T. Pratt, Dean of Financial Affairs, has been named as the winner of the "name the snack bar" contest held prior to Christmas vacation. The contest was sponsored by SAGA (Lasell's food service) and was open to the entire college community.

In the effort to avoid cliché names—and hopefully to establish a name that would become as traditional to Lasell as Mory's in New Haven is to Yale—Dean Pratt submitted the name "Eddie's." This name pays tribute to Edward Lasell, a founder of the College, and Alfred C. Edwards, for whom the new Student Center (location of the snack bar) is named.

As the winner of the contest, Dean Pratt received a cake (long since devoured) and a pizza party for 10, which he has yet to claim.

## Taylor Named To International Who's Who

The College recently received word that Frank Taylor, Chairman of the Lasell Music Department, and member of the faculty since 1960, has been named to the International Who's Who of Music and Musicians.

An accomplished organist, Taylor has given recitals throughout the New England area, as well as in England, France and Spain. His recording "Organ Works by DuMage & Dandrieu" published by Elysee Editions in early 1974, was reviewed throughout the United States and England and received highest acclaim from the music critics.

Taylor's most recent release (scheduled for the last week in January) is a two record album, recording the complete organ works of Louis Marchand.

The Lasell Bulletin is published six times a year in September, November, January, March, May and July by Lasell Junior College, Newton, Massachusetts 02166.

Second-Class postage paid at Boston, Mass. and at additional mailing offices.

President Griffin recently hosted a breakfast for state legislators from the Newton area. Rosemary Ashby, President of Pine Manor and Dr. Bryan Carlson, Assistant to the President at Mount Ida acted as co-hosts at the meeting which was held in the home of Lasell's president. The informal discussion centered around the need for personal communication between the representatives of private higher education and the state government. Pictured here (L. to R.) are: James True, AICUM representative; Richard Winslow, Lasell Trustee; Rosemary Ashby, President, Pine Manor Junior College; Dr. Bryan Carlson, Assistant to the President, Mount Ida Junior College; David Moffenson, State Representative and Dr. Arthur Griffin, President, Lasell. Others in attendance were: State Representatives Richard McGrath and Peter Harrington and State Senator Jack Backman.

Registrar, Athena Verros, aids a Lasell student in resolving a scheduling conflict during registration. Bitter cold weather and a snowstorm delayed second semester registration and the beginning of classes.

**"I SCREAM, YOU SCREAM, WE ALL SCREAM FOR ICE CREAM!"** Participants in the First Annual Ice Cream Eating Contest, sponsored by SAGA, the Lasell food service company, included Virginia Grenham of West Hartford, Ct. and Patricia Dziedzinski of Vernon, Ct. Patricia was coached by (center) Hillary Buell of Dalton, Pa. Each dorm entered an "eater" and her coach. Eventual winner was Ginny Grenham who was presented with a trophy—attesting to her super skill at consuming ice cream.

### TO: LASELL ALUMNAE

For the past several years, everyone has been offering tips on "how to economize." We all have been reading about ways to save; on gasoline, home heating, electricity and at the supermarket.

Now it is our turn. Our "economy" tip is: Save by giving—NOW.

Each year you receive a number of appeals asking that you make a gift to the Annual Fund. We (and many other schools) have found that it is necessary to contact some of our alumnae two, three—and, sometimes, four times before they get around to sending in their donation. Repeated mailings DO cost the College quite a bit in added expenses—e.g. postage, printing, addressing—and these services have all increased in price.

So—won't you send your gift today? In doing so you will be helping Lasell twofold. You will have added to its income—while helping to save on its out-put.

P.S. If you don't have one of the Lasell envelopes, please use one of your own.
